INSIGHTS

- **Sales Growth:** Net sales increased by 7.51% in 2024.
- **Regional Leader:** South recorded the highest sales at 166.39M.
- **Top Product:** Smart Watch achieved the highest sales at 116.38M.
- **Lowest Margin:** Camera recorded the lowest product profit margin at 14.83%.
- **Regional Gap:** North recorded the lowest regional sales at 146.91M.

RECOMMENDATIONS

- **Strengthen Regional Sales:** Maintain South's performance and investigate lower sales in North.
- **Optimize Pricing:** Review discounts and pricing for lower-margin products, particularly Camera and Printer.
- **Prioritize Profitable Products:** Maintain Smart Watch availability and explore opportunities to increase profitable sales.
- **Evaluate Discounts:** Assess whether discounts generate enough additional sales to justify lower margins.
- **Improve Product Strategy:** Investigate customer demand and pricing for products with comparatively lower sales.
- **Monitor Profitability:** Track profit margins regularly and validate costs to identify genuine losses.
